

::: Bomtempo, Requiem, op. 23

À memória de Camões

Being June the month in which we celebrate the Day of Portugal, Camões and the Portuguese Communities, we celebrate this occasion with a Requiem Mass op. 23 dedicated to camões, composition by João Domingos Bomtempo (1775-1842) here in a record in 1980 made by the Choir and Symphony Orchestra of Radio Berlin (RDA).

As the real value of this piece can't be seen, but listened, we leave here a video with a recording, whose content is not the Museum's responsibility.
